Hello folks. I'm breaking from the strip for a moment to wish everyone a happy new year.
As 2003 draws to a close, I'd like to note that it marked the bicentennial for my home state of Ohio.
- not to mention the hundredth anniversary of the Wright brothers' first powered flight. The Wrights were from my home town of Dayton.
All North Carolina contributed was a windy beach!
I think it's worth mentioning that 2004 is the 20th anniversary for the Transformers.
Yeah well, that's good too.

Thanks for picking me up, Zig Zag. I owe you.
Hmmm?
You know what I mean.
Well, it's the least I can do for the girl who trashed my computer.
Oh RIGHT! I had totally forgotten about that! HA HA HA HA HA HA!
HA HA HA HA HA HA HA HA HEH HEH— EHHHH—
Everything was backed up. I'll fix it.
Thank you.

So what's the situation?
Zig is going to help me get the car to the dealership to be fixed.
Until I get my car back, I'll have to carpool to work.
Hope the repairs don't take long then.
I'm probably worrying about it too much. I hope this goes better than I'm expecting.
BEEP! BEEP!
Oh well.
So far, so bad.
ALL ABOARD THE PORN STAR EXPRESS!!

Hello Sabrina.
Hey Whirl.
Hello, I brought my car in to be fixed, and I was...
Blue Festiva.
uh-huh.
Uh-huh.
Uh-huh.
Uh. huh.
HOW much!?
No, don't do anything just yet. I'll have to call you back.
What is wrong with your vehicle?
Well, it seems that many cars have heavily integrated parts, and even a small problem means more is replaced than you might expect.
And what is being replaced?
The entire fuel system, and half of the tailgate.

Check out Sabrina Online at http://www.sabrina-online.com

The repair costs more than the car!
Tut tut! Let me handle this.
Greetings. I wanted to check on the options for the blue Festiva.
uh-huh
uh-huh.
Well why don't we do that?
Would that pay for the towing?
How about if I threw in a DVD of "Back Door Sluts 9"?
Excellent.

WELL?!
I have good news. You don't have a car anymore.
THAT'S good news!?
No, the good news is interest rates are low, and I'M here to help you shop for a new one!
-one that doesn't suck.

I don't need your help to buy a new car. Besides, I can't afford one.
Sure you can! You forget I know how much you pull down at work.
Maybe you can't buy it outright, but you could finance a reasonably priced car easily.
And since I know how to deal with salespeople, I can get you a price you can pay off quick.
-unless you spent every spare dollar on Transformers or something like that.
oh.
-and computer gear.

This one seems like a nice car.
Ecch. You don't want that wimpy eyesore! Take a look at this one.
MOSS
DODGE
SUBARU
GMC
HYUNDAI
KIA
MERCEDES
HUMMER
GET A DEAL!
That looks pretty good. Looks like something you would like more though.
Not really. Most cars I'd want are way out of your price range. Ooh, get the V6 engine! You won't regret it.
I still don't know. I was thinking of getting a four-door this time.
Those cars are for people with kids. Who do you have to give rides to, besides maybe your boyfriend?
No one really. Amy and Thomas might bug me for rides though. They only didn't before because my old car wasn't a four—
You have a point there.
I have my moments.

One thing to remember about car shopping is not to appear eager to buy.
Sales people will pounce on that kind of thing in an instant.
Oh please. Just because I don't have a ton of experience doesn't mean I can't-
Hi there! I'm Earl Moss. What can I do for you fine ladies?
Nothing right now thanks. I'm not really looking to buy.
I'm especially not interested in that car over there!
Oh, VERY smooth.

Hey Sabrina! What would you think about doing something special to celebrate the three-hundredth comic strip?
Oh, I don't know about that.
You shouldn't go to any trouble. I don't think anyone cares about it anymore anyway.
I don't really like it when people make a big fuss anyway- you understand, right?
Uhm--- Sure.

Did Sabrina tell you what kind of car she got?
No, she just said she would be bringing it home today. I don't —
RRRUMMBLE!
Well, what do you think?
Wow — I... I don't know quite what to think.
It's... just so unlike you.
It is sort of out of character, isn't it?
You'd almost think this was all some kind of lame April fools day joke!
Yes, one might think something like that, I'd imagine.

How do you and your boyfriend plan to fit in that back seat?
Oh, it won't be a— I mean I wouldn't know.
OK ladies, this is the model we're talking about, right?
Right.
And you wanted the larger engine option?
Yes.
Deluxe radio/CD package?
Sure.
Leather interior?
Yeah!
No.
OK then, with Tax, title, service charge, undercoating, enigma charge, rustproofing, and...
The final cost is underlined here.
whoa!
No.

OK, we need to haggle over this. First, let's clip some of these bull-dump charges.
Come with me. We can talk this over in your office.
Go on ahead. I'll be right with you.
Tina? Hi. Listen, could call that custom auto painting place I use and get an estimate?
Whoa? HEY!
uh—
okay.
Thanks babe.

I can't believe you did that!
Don't make such a big deal out of it. If it makes you feel any better, no part of him found its way inside any part of me.
We only "horsed around" a little.
Oh, FUN-nee!
Hey babe, don't judge me too harshly when you haven't even seen the deal I got for you!
That's not the-
Oh my God! Zig, I could KISS you!
I didn't say that.

Shouldn't you have driven up in a new car by now?
It'll be a little while for the dealership to get the model with the options I wanted in.
This today's mail?
Yeah.
Must be tough waiting so long to get a car.
- for them too.
Oh, it's not all that -
WOW!
what's that?
Who needs a car!? The Pegasos 2 mother-board I ordered came in!
Pega- what?

Thanks for coming by. If you can help me out I'll be very grateful.
Well, I'd better do a good job then.
Looks like a pretty nice board. This is a new Amiga?
Yeah.
no.
Sort of.
Not technically.
It's a general-purpose PowerPC machine.
So it's a Linux box?
No!
Yes.
Sort of.
It can be.
I'd better finish building this thing, so we'll both know.

What's wrong?
I can't get the Pegasos BIOS to see the CD drive.
Damn! looks like I need to buy a new drive.
Hold on a minute, Sabrina
Did you know the English and German manuals tell you different things?
What!?
Here, check and see what the online docs say.
OK.
Hey! these don't match up either!

OK, It's booting from the CD, and the hard drive is setup- I think.
What about the wierd numbers from the drive setup program?
It'll be fine - I think.
Now all I need to do is install the operating system - and
RING
Hello?
really? it is?
OK!
I gotta go I need to pick up something.
Are you coming back?
Yes, but I'm not sure how soon.
Don't be too long, or I'll try installing Windows on this thing.
Don't you DARE!

What did you do?
I took the car through my custom paint shop. I thought you'd like it.
It's - OK I guess, but that's not the symbol I would expect.
I just thought it looked good.
Sure it would, if it was on a bear, or a cyborg antelope or something.
Well, which symbol would've been more appropriate?
This one.
©EWS
THIS? This looks like a sad bulldog face!
Maybe, but it's the CORRECT sad bulldog face.

Check out Sabrina Online at http://www.sabrina-online.com

So, will the car do?
I think so.
Th- thank you for your help.
Well, I'd better be getting back.
So soon? Where do you need to go in such a rush?
I'VE GOT AN O.S. to INSTALL!

What do you think of the operating system?
Not bad.
EWS
It's simple, but pretty fast and responsive. Where's the internet stack?
Oh, that's coming in the next version.
USB controls?
Right there.
Integrated backup tool?
Do I need that?
How else are you going to reformat your hard drive and reinstall every six months?
You DO that?

Thanks for your help getting the Pegases up and running.
No biggie.
You did most of the work. I was just a consultant.
In any case, I'd like to thank you.
Come with me.
Where are we going?
I thought I'd take you for a ride.
You mean in your new car?
That too!
Oh my.

You're driving like a madwoman!
I do believe you're enjoying it too.
I suppose I am.
Perhaps instead we should find a shady spot to stop instedd...
and I can thank you properly.
Ooh!
Sabrina?
OW! Careful!
Ha! I told her we could fit in the back seat!
Told who?

See you later Sabrina.
Thanks again for the computer help.
Thank YOU for the ride.
You have a very nice car.
Yes, I do.
I knew I should've been suspicious when you tossed those blankets in back.
Shame on you, taking advantage of a young boy like me.
:GIGGLE!:
Those blankets DID come in handy to hide under when those cops drove by too.
There IS that.

Hi boss!
Good to see you again.
Enjoying the car?
Oh yes, very much so.
I wasn't sure, since you scurried off so quickly.
Sorry about that. I had computer stuff to take care of. Thank you for your help.
You're quite welcome, but there's still one last thing you owe me.
What are you talking about?
You know.
o
OK... but you'd better not tell anyone.
Use your tongue if you like.

HAPPY BIRTHDAY SABRINA!
Oh! Thanks ZigZag - I guess.
So, what kind of present would you like?
Well, I just got a new car, and a new computer, so I don't think I really need anything.
There's one thing I keep offering, but you keep turning it down.
If it's what I think it is, you can keep it.
SIGH, so many unclaimed gifts.
I wouldn't worry. You've got friends here who are more than happy to take up the slack.
She's right, you know.

What'cha got there Sabrina?
I'm bringing in my new computer.
I thought I'd see how I could make use of it around here.
That's bull. You just want to play with your new toy at work.
Is that a problem?
Not if I get to play too!

Just checking through the MP3s and games and stuff.
SABRINA
What's that?
That's MAME. It's an emulator to play those old arcade games.
It's no big deal really, maybe you'd-
HOLY CRAP, you've got GRAVITAR!?!
Yeah, but-
Man, I was so hooked on that game when I was a little kid!
C'MERE EVERYBODY!! YOU GOTTA SEE ALL THE GAMES SABRINA'S GOT ON THIS THING!
Really?
Wow!
Ook?

Check out Sabrina Online at http://www.sabrina-online.com

Oh well.
I guess I don't mind too much that they took over my computer to play games.
I might have even been willing to join in on the little tournament they set up,
but porn actors have a rather different idea what makes a good prize than I do.
I won!
You get first choice from the toy closet.

"Invitation"

I seem to remember at one time you were interested in visiting Zig's studio
I guess I can't really deny that.
Well, I think maybe that can be arranged.
You're kidding!
No, I decided it's not that big a deal to let you visit where I work
That is, if you promise not to embarass me.
Baby, I'll probably be too nervous to do anything but blink while I'm there.
